SUMMARY

Motivated and results-driven Computer Engineering undergraduate with over five years of programming experience and practical expertise in full-stack web and mobile application development. Experienced in designing, developing, testing, and maintaining software solutions using modern technologies including React, Node.js, Express, Flutter, PostgreSQL, MySQL, and Firebase. Demonstrated ability to build scalable applications, solve complex technical problems, and collaborate effectively in team environments. Recognized for strong analytical thinking, adaptability, leadership, and a passion for continuous learning. Seeking opportunities in software engineering, full-stack development, backend development, frontend development, mobile application development, and IT support.

EDUCATION

University of Buea, Cameroon

Bachelor of Engineering (B.Eng.) in Computer Engineering, Relevant Coursework: Software Engineering, Database Systems, Computer Networks, Operating Systems, Data Structures and Algorithms, Artificial Intelligence, Information Systems, Embedded Systems September 2022 – December 2026 (Expected)

Government Bilingual High School (GBHS), Dschang

General Certificate of Education Advanced Level (GCE A/L) September 2020 – June 2022

Government Bilingual High School (GBHS), Toula-Ndzong, Dschang

General Certificate of Education Ordinary Level (GCE O/L) September 2016 – June 2020

EXPERIENCE

Software Development Intern

June 2025 – August 2025

LIAH Technologies

Buea

- Developed and maintained web applications using modern development frameworks.
- Collaborated with senior developers in software implementation and debugging.
- Participated in software testing, troubleshooting, and performance optimization.
- Assisted in database management and backend development activities.
- Contributed to project documentation and development workflows.

Software Development Intern

June 2024 – August 2024

REVIVAL COMPANY LTD

Buea

- Assisted in the development and maintenance of web-based applications.
- Supported database management and software testing processes.
- Identified and resolved application bugs and technical issues.
- Collaborated with development teams to improve system functionality.

Mathematics and Physics Teacher

September 2024 – Present

Passion Comprehensive Evening School

Bomaka – Buea

- Teach Mathematics and Physics to secondary school students.
- Prepare lesson plans, assessments, and instructional materials.
- Guide students in problem-solving and analytical thinking.
- Monitor academic progress and provide mentorship.

Secretariat Worker

June 2023, June 2024, June 2025

- Performed administrative and secretariat duties during examination periods.
- Managed documentation and records efficiently.
- Assisted in data organization and communication processes.
- Maintained confidentiality and accuracy in handling official information.

PROJECTS

HireSphere – Online Job Portal System | Technologies: React.js, Vite, Node.js, Express.js, PostgreSQL | Demo: <https://replit.com/@nkokojoel2/Hire-Sphere>

- Designed and developed a comprehensive job portal connecting job seekers and recruiters.
- Implemented user authentication and profile management features.
- Developed job posting, application tracking, and recruitment functionalities.
- Built responsive user interfaces and scalable backend services.

EasyQueue – Queue Management Mobile Application | Technologies: Flutter, Firebase, Node.js, Tailwind CSS

- Developed a mobile application for managing queues during school fee payment processes.
- Reduced waiting time through digital queue allocation and tracking.
- Implemented real-time updates and notification functionalities.
- Integrated Firebase for backend services and data synchronization.

Personal Portfolio Website | Technologies: React.js, Vite, Node.js, Express.js, MySQL | Live Site: <https://nkoko-portfolio.vercel.app/>

- Designed and developed a professional portfolio website showcasing projects, skills, and achievements.
- Implemented responsive design and optimized user experience.
- Demonstrated frontend and backend integration techniques.

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, Python, Java, C++, C, PHP, SQL, Dart (Flutter)

Frontend Development: HTML5, CSS3, Bootstrap, Tailwind CSS, React.js, Next.js, Vite

Backend Development: Node.js, Express.js, Django, Laravel, RESTful APIs

Databases: PostgreSQL, MySQL, MongoDB, Firebase

Tools & Technologies: Git, GitHub, Docker, Linux, Postman, VS Code, Figma

Software Engineering: System Analysis and Design, Database Design, Software Testing, Object-Oriented Programming, Agile Development, API Development, Requirements Engineering

CERTIFICATIONS

Graphic Design Certification — TAGITA LTD — August 2024

AWARDS AND ACHIEVEMENTS

Code Battle Winner — LIAH Technologies — August 2025 Recognized for outstanding programming and problem-solving skills during competitive coding activities.

SOFT SKILLS

Problem Solving; Team Collaboration; Communication; Leadership; Time Management; Critical Thinking; Adaptability; Technical Documentation; Project Management

LANGUAGES

English – Fluent; French – Intermediate to Professional Working Proficiency

INTERESTS

Full-Stack Development; Mobile Application Development; Artificial Intelligence; Software Engineering; Cloud Computing; Open Source Contributions; Emerging Technologies
